

Features

100% polyester

Light weight

Binder free

Readily conforms to complex shapes

Near square properties
MD:CD ratio 2:1

Fine aperture

Benefits

High chemical and UV resistance

Low resin uptake, minimal effect on final part weight

Complete compatibility with all resin systems

High strength in all directions

Rapid wet out combined with excellent surface finish

Properties

Areal Weight

45 +/- 5 g/m²

Thickness

0.55 +/- 0.1mm

Tensile strength MD

100 N/50mm min

Tensile strength CD

45 N/50mm min

Elongation MD

25% min

Elongation CD

75% min

Binder type

None

Finish

Fine aperture
